James Savage  
Head of Data Science at Lendable, NY

BIO:

Jim is a data scientist, econometrician, and empirical finance geek. Most recently, he worked at the Grattan Institute, where he worked on policy design to help improve efficiency in Australia's retirement income savings system. Before that, he worked in the Australian Treasury's Macro-econometric Modelling Unit, working extensively on carbon pricing in Australia. In 2014, he was a fellow at the Eric and Wendy Schmidt Data Science for Social Good summer fellowship, at the University of Chicago.
